EMPLOYMENT OPPORTUNITY

Air Conditioning/Refrigeration

Performs a wide variety of skilled tasks in maintenance of all air conditioning/refrigeration units in a proper, safe and sanitary manner, while maintaining a high level of efficiency and quality of workmanship. Duties include: Major repairs, overhauls, and renovations of refrigerators and air conditioners for both multiple family and high rise properties. Repairs and adjusts valves, piping connections, fittings and couplings as necessary. Performs on-site inspection/diagnosis and repairs of individual refrigerators and air conditioning units. Performs oxyacetylene, acetylene, and electrical welding as required. Maintains records and reports of refrigeration servicing and maintenance work. Maintains inventory of parts for air conditioners and refrigeration. Performs duties in accordance with all applicable safety rules and regulations; maintains all materials, tools, supplies and equipment issued for the performance of duties; documents all maintenance actions in accordance with department policy as work is completed. EPA Certification, high school diploma/GED Certificate required, supplemented with one-year minimum experience in heating/air conditioning/refrigeration repair work. Periodic emergency, other duties as assigned or on-call work required.

Applicant must be bondable and possess a valid Florida motor vehicle operator's license. The application for employment can be downloaded from our website at www.dbhafl.org and is accepted by mail at the above address to the attention of the accounting department. Only qualified applicants will be considered and should apply. This position will remain open until filled. No phone calls please.
